

During this FREE training session, exclusively for members, we will cover what you need to know to get the most out of the NEW realtor.com[®] Professional Search tool.

The realtor.com[®] Professional Search product replaces your existing Find application. Professional Search leverages and shares the innovative technology and search experience of realtor.com[®] while delivering a best-in-class professional experience.

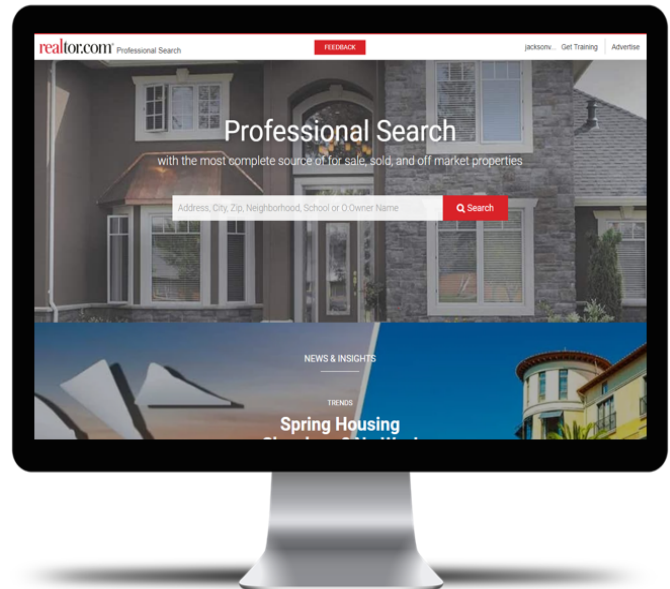

Using Professional Search, members can now perform property searches nationwide.

Agents are granted unfettered backdoor access to active listing data, including community and demographic information, school reports, search and activity trends, and much more.

Topics included in the training session:

- ✓ How to access and navigate the new Professional Search to gain an edge on the competition
- ✓ How to conduct and utilize advanced search features to quickly laser target properties for clients
- ✓ Learn to pull extensive community and demographic information
- ✓ Accessing over 105 million property records and 10 years of sold property history nationwide
- ✓ Grab school reporting data and district boundaries for clients
- ✓ Using map overlays, commute time calculators, and other advanced techniques
- ✓ Tips and tricks for effectively using advanced search options for higher productivity ... and much, much more!
